IT Recommendations

Please refer to the following IT recommendations before working in myDSCU, hosted on DAU's CSOD Learning Management System.

Disconnect from VPN

- If access is “blocked” by a VPN, disconnect from the VPN.
- A ‘warning’ pops up when you download an excel file (e.g., to view a report), select View Spreadsheet instead.

Disable Pop-up-Blocker

Disable your pop-up-blocker by going to your browser's settings, privacy and security, pop-ups and redirects, and allow pop-ups from www.dau.csod.com.

Internet Browser

- Add Cornerstone (myDSCU) to your organization's white pages, use Microsoft Edge or Google Chrome.
- Increase the size of your screen by holding CTRL button and + at the same time or go to your browser's settings, zoom.

External Continuous Learning Hours Requests to Maintain SC Certification Status

How to Approve or Deny External Continuous Learning Hours Requests

When you want to approve or deny external continuous learning hours requests from your direct reports...

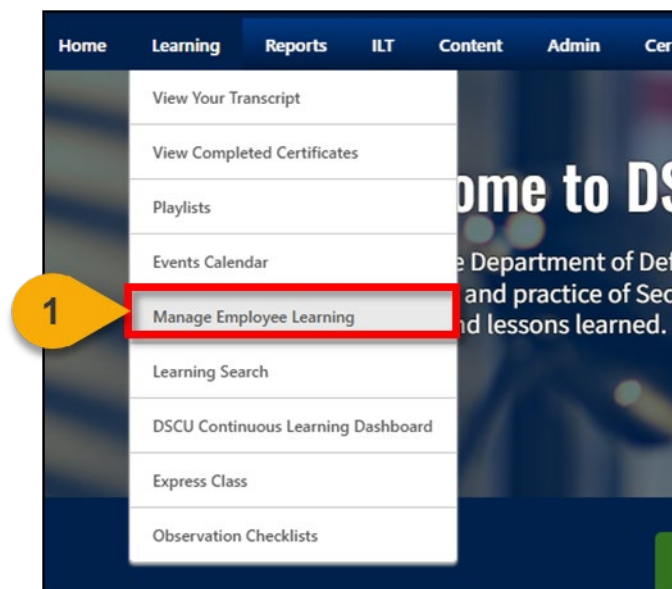

Note: You should receive a notification from CSOD to alert you of a pending request.

When approving external CLHs, please consider the following:

- a) How does the external learning event relate to security cooperation? Note, external CLHs are registered for/completed outside CSOD/myDSCU.
- b) Is there ample evidence provided in the attachment indicating the number of continuous learning hours requested in the form? For example, is there a certificate of completion or participation with the number of hours listed? There could also be an announcement of the event and the dates/times or other clear evidence of the learning event, for example.
- c) Please note that additional DSCU courses on the SCW member's transcript that do not count toward initial certification may NOT be submitted as external CLHs; external courses are registered for outside CSOD and are completed after the SCW member achieves initial certification.

Note: Periodic audits of approved CLH submissions by DSCU may result in a reversal and request for re-submission if it is determined that the submission does not meet requirements.

Step 1: Under the **Learning** tab, select **Manage Employee Learning**.
